

Style and Service in Solid Leather Shoes.

The best shoes are made of leather. There are many substitutes, but nothing as good as honest leather, strongly and skilfully put together.

Our finest footwear is solid leather throughout. The style you can see; the quality we guarantee.

You take no chances, for the "Diamond Brand" warrant of quality—your money back or a new pair—is behind each style, and enables you to buy good shoes with full confidence and real shoe satisfaction.

Come to Us for Good Shoes.

A double saving on each pair—in the price and in the good, honest wear.

LOCAL LADS ARE HONORED FOR PROWESS

School Lads Get Silver Certificates for Track Events

Silver certificates in recognition of achievement at the district track meet last month were presented to the following boys:

Joe Tavan, George Sakamoto, Jack Brown, Howard Totten, Robert Hannan, Oliver Lang, Earl Tavan, Clifford Stoner, Claude Grant, Toshiki Sumino, Emblen Cooke, Stanley Creighton, Winston Baird, Edward McCall, Eddie Grant, Stanley Sach, Harold Stevenson, Cleon Skousen, James Walker, Wayne Dill, Frank Case, Robert Dennit, Major Sells, James McLean, John Delaney, John Sinclair.

These certificates, signed by the superintendent, Mrs. Susan Dorsey; the assistant supervisor of the physical education department, Loren Mitchell, and the principal of the local school, are greatly treasured because of the fact that they indicate the "placing" in some event in the meet where Torrance won third place in a field of a score or more elementary schools. Some of the boys mentioned won two certificates by participating in two events where they won first, second or third place.

It was because of the excellent showing in this track meet that the boys were treated to an afternoon on board the U. S. S. New Mexico a short time ago.

Many of the same boys participated in the city track meet at the Coliseum in Los Angeles, where Torrance was officially given sixth place in a field of 88 elementary schools. One of these, Jack Brown, deserves special honor, as he beat as well as increased the record for the primary standing broad jump. The record for the city for the past few years had been 6 feet 6 1/2 inches, and Jack made the fine winning jump of 6 feet 9 inches.

Torrance Moose Trounce Visitors; Score 27 to 19

Torrance Moose romped home over the prostrate forms of Long Beach Moose at a ball game at the Torrance high school grounds Sunday afternoon. When the dead and wounded were counted the score stood 27 to 19 in favor of the local lads. There will be more games.

Pilgrimage Play Will Open July 7

With several changes that serve to strengthen and add materially to the beauty of the Pilgrimage Play, and with a past even stronger than in seasons preceding, this beautiful sacred drama will open its fifth annual season Monday evening, July 7.

Seats for the Pilgrimage Play, "Life of Christ," are no won sale at Barker Brothers', 716 South Broadway, Los Angeles.

Henry Herbert again is to appear in the role of the Christ, with Florence Stone returning to the cast as Mary Magdalene, which character she created during the play's initial presentation.

Other favorites who have returned to Los Angeles in order to appear again in this world-famous sacred drama include H. Ellis Reed, William Raymond, Harold Matthews, Boyd Irwin, Watron James, Gloria Rollin, Charles Smiley, Tom Miller, Reginald Pool, and Jeffrey Williams.

Two new sets are to augment the play this year, these featuring the wedding feast at Cana and the scene in the upper chamber after the resurrection, the latter having been embodied as a part of the production during its first year.

Rehearsals are now under way at the Pilgrimage theatre, under the direction of Henry Herbert, and while a number of minor changes in the play are being effected, all tending toward the ultimate perfection of this beautiful and impressive drama of the Bible, yet in most part it follows closely along the lines of the foregoing years.

Many civic excursions from nearby cities are again being scheduled for the play this season, among those planned for the opening week being included Long Beach, Whittier and Pasadena.

Hollywood day, to be celebrated Monday evening, July 14, will be under the auspices of the Hollywood Chamber of Commerce, and upon this occasion the secretary of every Chamber of Commerce organization of Southern California will be present as a special guest.

MOOSE INITIATION

Loyal Order of Moose held a business meeting and initiation at Legion hall Friday night. Six candidates were initiated, the work being put on by the San Pedro lodge.

Later, when the new hall on Carson street is finished, a big class will be initiated. A dance also will be given in the new hall some time in July.

GEORGE PROBERT, GOLFER

George Probert Jr. is now champion golfer of Torrance.

George was on the links the other morning at 4 o'clock and made the nine holes in 137. He could have done better had his caddie, Carl Burmaster, not fallen in the creek, breaking his mashie.

George says with a better caddie and by getting on the links at 3 a. m. he can beat the score.

Mrs. H. W. Bartlett and daughter, Miss Grace Bartlett, of 2019 Gramercy avenue, left today for a several weeks' visit in New York state.

REALTY BOARD NAMES SALTER NEW PRESIDENT

A. L. Salters was elected president of the Torrance District Realty Board at a luncheon held at the Ironton hotel Monday noon. Other officers were chosen as follows: J. W. McDowell, vice-president; H. R. Raynes, second vice-president; H. A. Treadwell, secretary-treasurer.

J. W. Jennings, field secretary for the state association, was present and made an interesting address.

Demonstration of Newmark Brands At Fess Grocery

A three-day demonstration of Newmark foods and canned goods will be held at the Fess grocery Thursday, Friday and Saturday. The affair will be in charge of "Newmark" Fields, who is in Torrance for the special purpose of directing the demonstration. With each 12 packages purchased one package of Newmark products will be given away. Purchasers will receive numbers for each purchase, and awards will be made.

Plan Will Swell Local Population

Many of the residents of the shoe-string strip east of Torrance may soon become residents of this city.

This was assured Tuesday when a delegation from Torrance secured from the county health department the promise that the order ejecting the shoe-string strip residents from their homes on account of unsanitary conditions would be delayed pending completion of an auto camp by local men inside the city limits of Torrance.

The delegation consisted of W. H. Gilbert, Charles Vonderahe and F. L. Parks.

Three hundred residents were affected by the health department order.

Union Tool Family Enjoy Big Picnic

Thirty-five hundred members of the Union Tool Company's big family had the time of their lives at Long Beach Saturday. The event was the annual picnic of the company. Sports, swimming, and plenty of lunch were thoroughly enjoyed. George Proctor was master of ceremonies and himself held from Naples to the flood control.

CASTLE APARTMENTS

Mr. and Mrs. C. C. Puckett have moved to the new Castle Apartments at the corner of Broadway and Broadway. Mr. Puckett is in charge of the Studebaker agency which is opening in Torrance.

Miss Lou Alice Christopher of Kansas City is the guest of her father, John Christopher.

Mrs. Wallace Kidder is expected home Wednesday from a private sanitarium in Long Beach, where she has been ill for the past three weeks.

Mr. and Mrs. E. H. Allen and Mrs. B. L. Allen and family, Los Angeles, motored to Norco Sunday, where they enjoyed a fine turkey dinner.

Mrs. Edwards and daughter Dorothy, of Tucson, Ariz., are the guests of Mrs. Edward Lynch.

Mr. and Mrs. Henry Grubb and family, of Gramercy avenue, and Mrs. Grubb's sister, Miss Martha Schumann-Heink, N. E., who arrived last week to pass the summer passed Sunday at Long Beach.

Mr. and Mrs. F. L. Parks and Mrs. George D. Watson attended Matrons and Patrons' Night at Hollywood Monday evening. Five chapters of the Order of the Eastern Star act as hostesses.

MODERN PORTIA DEFEATS MEN IN WESTERN COLLEGE

Mrs. Lois Garrett Griffen, University of Iowa co-ed, was graduated from the law college with first honors. She captured every prize, defeating a large class of men in her own husband's sport.

She is now in Sioux City, Iowa.

OBSERVATIONS

(Continued from Page One)

ches found that the ache disappeared when they had their hair cut.

But—
These neck-shaves are different. If the girls think the men like that style, the girls are wrong. Many feminine necks now look a bit dirty. When the short hairs grow out they are ugly and a girl would have to order a shave every day to keep her neck from being unattractive. These shingles are the bunk.

The government of the United States is "making money." When the fiscal year ends on June 30 the treasury will show a surplus of \$84,000,000—almost half a billion dollars. This amount is larger by \$170,000,000 than was anticipated. The belief that a deficit would exist in 1925 is thus dissipated.

If this country would apply even more economy the national debt could be wiped out in short order. Of all the nations in the world ours is the most sound financially.

The big surplus during the fiscal year, now about to close, redounds to the credit of Secretary Mellon and to Brig. Gen. Charles Dawes, who at the start of the Harding administration established the budget system at Washington.

Both of these men are big business men. No matter what one may think of them politically, one must agree that they understand finance. Finance is that part of government which interests the taxpayer most.

EASTERN STAR

Torrance Chapter No. 380, O. E. S., is planning a social time to be held after the close of the chapter. A small apron has been sent to each member, who, after measuring her waist line, will place a penny for every inch of her waist measure in the pocket of her apron and bring it with her Thursday evening.

The dinner given by the chapter Thursday evening in the dining room of the Masonic temple was well attended and was a great success.

TRUSTEES

The Pan American was awarded a franchise in the city of Torrance.

The trustees appropriated \$50 as the share of the city of Torrance in the contest before the railroad commission the application of the Southern California Edison Company for increased rates during the shortage.

The board approved a contract negotiated by Trustee Torrance for the purchase of a new Paige touring car for the use of the police department. The new car cost \$2160. The Essex Los Angeles, motored to Norco Sunday, where they enjoyed a fine turkey dinner.

Mrs. Edwards and daughter Dorothy, of Tucson, Ariz., are the guests of Mrs. Edward Lynch.

Mr. and Mrs. Henry Grubb and family, of Gramercy avenue, and Mrs. Grubb's sister, Miss Martha Schumann-Heink, N. E., who arrived last week to pass the summer passed Sunday at Long Beach.

Health Officer Gives Water Clean Bill

(Continued from Page One)

at Elfman is one of the cleanest and most up to date in the county. The only thing that Mr. Tallon did not understand was how to get rid of the algae. Mr. Teats, who is an expert along this line, has been giving Mr. Tallon some suggestions on how to treat the water and kill the algae.

This treatment was started some three weeks ago. Men are being employed day and night to attend to this treatment. Before treatment, the algae was skimmed off of the water in the catch basin three or four times a day. Since treatment started, it has not been necessary to do this, as

there has been no floating algae. So the improvement noted in the catch basin will eventually continue through the reservoir and mains and gradually disappear. It will doubtless take some time before the algae is all killed.

During this time, pieces of this dead algae will break loose and come through the pipes. I am warning you of this, as we expect it. The mains will be flushed out at least twice a week to prevent as much of this as possible.

The county health office is doing all it can to help you and the Dominguez Water Company is giving full co-operation. We feel sure that this treatment will correct your trouble and ask you to be patient.

DR. J. L. POMEROY,
County Health Officer.
By HAROLD A. YOUNG,
Chief Sanitary Officer.

Your Doorway

—must stand more scrutiny than any other part of the house and it should be architecturally and structurally correct. Because Redwood is one of the most pliable and beautiful building materials it naturally follows that it is often used for doorways. A variety of beautiful effects are possible with Redwood and it lasts indefinitely.
